

**BROADWAY (NY ROUTE 130), FROM UNION ROAD (NY ROUTE 277)
TO TRANSIT ROAD (NY ROUTE 78)**

Owner:

*New York State Department Of
Transportation*

Location:

*Town of Cheektowaga and Village of
Depew, Erie County*

Completion Date:

2001

Construction Cost:

\$9,400,000

Services:

Construction Inspection

Watts Engineers was the prime consultant responsible for providing construction inspection services for the reconstruction of 1.7 miles of urban arterial. This project involved the complete reconstruction of the pavement with Superpave items and a closed drainage system utilizing stage construction in order to maintain traffic. New sidewalks and curbs were constructed for the entire length; existing utilities (including water mains) required relocation; signs, a traffic signal and pavement markings were installed; contaminated soils were removed and disposed of; landscaping improvements were made throughout, and new guide railing was installed.
